

# Tips & Suggestions for your FAQs

---

- Bargo is FREE to play
- Registration is done by emailing [B52Onlinebargo@gmail.com](mailto:B52Onlinebargo@gmail.com) You may get an auto response when registration is full
- We can only accommodate 400 players, when we are full we are full.
- Feel free to donate to our employees on our website [B52communityfund.com](http://B52communityfund.com)
- If you think that you have a bargo please comment Bargo with your Pack Number and the ball you won with on the live feed. Because there is a slight delay, we will be lenient on calling bargo on the last number called. Bargas will be awarded based on the order in which they were typed in the comment. We suggest having your comment ready on whatever device you are watching from.
  - “BARGO! Pack 73, B12”
- Have the phone with the phone number you provided readily available when you call bargo. If there is no answer when we call for verification we will move on.
- FYI any foul play will be strictly forbidden-we know which cards you have and will be verifying them. Let’s keep it fun for everyone.
- Regarding emails-we appreciate your patience. We have many registrations to respond to. You will be notified of your registration status as quickly as possible. **DO NOT** send a second email or reply to this message as it will cause the system to re-prioritize your registration to the back of the line. We will award bargo packets in the order in which emails were received.
- You may want to watch from a computer or cast onto a TV screen. This will prevent interruption of your live feed by answering a call. Multiple Players can view on the same device, although this may slow your response time commenting a bargo.
- Games will be played in the sequential order that you received your card pack-we suggest that you print them off. Game 1 will be on your first card, make sure the order is kept the same as we will only verify a valid bargo on the correct board.
- For COVER ALL once we get close, we will ask to not make any comments unless they are calling bargo. We do not want to miss anyone calling a bargo.
- DO NOT reply to your registration email. It will move you to the back of the line.
- Please join /watch a few minutes ahead of time.
- Any multiple bargos will result in a drawing between the players that had a valid bargo.
- If you have any other bargo related questions outside of registration, please email our host Bryce at:[bryce@vscircus.com](mailto:bryce@vscircus.com)

Thanks,

B-52 Bargo Team!
